

# AC Cleaner

*Aqueous Cleaning Concentrate*

## GENERAL DESCRIPTION

Hangsterfer's AC Cleaner is a non-toxic, biodegradable, all-purpose cleaner, formulated to be diluted with water for various cleaning applications. AC Cleaner quickly removes dirt, oil, grease and other residues without risk of staining or tarnishing on parts or machine components. Used straight or diluted with water, as recommended, AC Cleaner's low alkaline formulation can be used without risk of skin, eye or respiratory irritation.

## APPLICATION

Diluted with water, AC Cleaner works as a machine sump cleaner, in parts washer systems and as an all purpose cleaner solution.

Application	Concentration
Machine Sump Cleaner	5%-10%
Parts Washer	2%-15%
All Purpose Cleaner	2%-5%

## SAFETY

AC Cleaner is safe for use on aluminum, iron, steel, stainless steel, galvanized, tin, zinc or concrete. When used at low concentrations, for short periods of time, AC Cleaner is safe on neoprene, nylon, rubber and painted surfaces. Because of AC Cleaner's high solvent action, spot testing should be conducted on synthetic materials before use.

## WASTE DISPOSAL

As a biodegradable fluid, AC Cleaner is safe for disposal when free of all fats, oils, greases, solvents and heavy metals accumulated during use. Hangsterfer's recommends Ultra-Filtration to remove any contaminants prior to disposal. It is recommended that all waste fluids be approved for disposal by the appropriate authorities.

<b>PRODUCT CHARACTERISTICS AC Cleaner</b>	
Form	Liquid
Color	Green
Odor	Mild
Specific Gravity	1.08
Viscosity: SUS @ 100°F	Not Applicable
cSt @ 40°C	Not Applicable
Flash Point, COC, °F/°C	Non Flammable
Fire Point, COC, °F/°C	Non Flammable
Pour Point, °F/°C	30 / -1
Solubility in Water	100%
Boiling Point, °F/°C	212 / 100
Vapor Pressure, mm Hg @ 25°	<0.1
pH @ 10%	12
Sulfur, Active	0%
*Chlorine	0%
Phosphorus	0%
Solvent Content	2.0%
Solids Content	0%
Silicone	0%

All Hangsterfer's Products are FREE of

ZINC  
PCB'S  
VOC'S  
BORON  
NITRITE  
NITRATE  
DIETHANOLAMINE (DEA)  
OZONE DEPLETING CHEMICALS

\*Hangsterfer's uses only non-hazardous, chemically bound, long chain chlorinated paraffin.

## CAUTION

Avoid contact with skin, eyes or clothing. In case of skin contact, flush with cold water. In case of eye contact, flush immediately with cold water and contact a physician.

## SHIPPING UNITS

All Hangsterfer's Products are available in 5 gallon, 55 gallon and Bulk Container (260 gal and 330 gal) quantities. All products are distributed worldwide.

Revised 08/19/99
