Hangsterfer's Gr	ease 2 Page Nu	ımber: 2
Ingestion	Do not induce vomiting. Have conscious person drink several glasses of water or milk. If the per breathing, perform mouth-to-mouth resuscitation. Seek medical attention immediately and container, label or Material Safety Data Sheet.	
Hazardous Ingestion	No additional hazardous information.	

Section 5. Fire and Explosion Data		
Flammability of the Product	Combustible at elevated temperatures.	
Auto-Ignition Temperature	Not determined.	
Flash Points	OPEN CUP: >180°C (350°F) (Cleveland).	
Flammable Limits	Not determined.	
Products of Combustion	Products of combustion can include carbon oxides(CO, CO ₂) and sulfur oxides(SO ₂ , SO ₃).	
Fire Hazards in Presence of Various Substances	Very slightly to slightly flammable in presence of open flames and sparks. Non-flammable in presence of shocks, of heat, of oxidizing materials, of reducing materials, of combustible materials, of organic materials, of metals, of acids, of alkalis, of moisture.	
Explosion Hazards in Presence of Various Substances	Non-explosive in presence of shocks, of heat, of oxidizing materials, of reducing materials, of combustible materials, of organic materials, of metals, of acids, of alkalis, of moisture.	
Fire Fighting Media and Instructions	SMALL FIRE: Use DRY chemicals, CO ₂ , water spray or foam. LARGE FIRE: Use water spray, fog or foam. DO NOT use water jet.	
Special Remarks on Fire Hazards	No additional remark.	
Special Remarks on Explosion Hazards	No additional remark.	

Section 6. Accidental Release Measures		
Small Spill	Mop up or absorb with an inert DRY material and place in an appropriate container.	
Large Spill	Combustible material at elevated temperatures. Keep away from open flames, sparks, and sources of ignition. Stop leak if without risk. Mop up or absorb and place in appropriate container(s).	

Section 7. Handling and Storage			
Handling	Avoid contact with eyes. Keep container closed. Use in a well-ventilated area. Wash thoroughly after handling. Do not puncture or incinerate container(s).		
Storage	Keep away from open flames, sparks, and sources of ignition. Emptied containers may contain product residues. Precautions also apply to product residues.		
Section 8. Exposure	Controls/Personal Protection		
Engineering Controls	Good general ventilation should be sufficient to control airborne levels if user/worker activities generate mist(s). However, local exhaust ventilation may be necessary in areas of poor ventilation.		
Personal Protection	Safety glasses. Work Apparel . Gloves.		
Personal Protection in Case of a Large Spill	f Splash glasses/goggles. Full suit. Boots. Gloves. Suggested clothing should be sufficient; contact t manufacturer regarding questions with this product.		
Chemical Name or Product Na	ame CAS # Exposure Limits		
1) Mineral Oil mist: If mists are go following exposure limits apply:	enerated, the TWA: 5 (mg/m ³) from ACGIH (TLV) TWA: 5 STEL: 10 CEIL: 10 (ppm) from OSHA (PEL)		

Hangsterfer's Greas	e 2			Page Number: 3
Section 9. Physical and Chemical Properties				
Physical state and appearance	Semi-solid	Odor	Mild	
Molecular Weight	Not applicable.	Taste	Bland	
pH (10% Soln/Water)	Not applicable.	Color	Brown	
Boiling Point	Not applicable.			
Melting Point	Not determined			
Critical Temperature	Not determined.			
Specific Gravity	NA			
Vapor Pressure	<0.01 mm of Hg (@ 20°C)			
Vapor Density	>5 (Air = 1)			
Volatility	VOC Content: 0.0% (v/v).			
Odor Threshold	Not determined.			
Evaporation rate	<0.01 [Butyl acetate.]			
Viscosity	NA			
Water/Oil Dist. Coeff.	The product is more soluble in oil.			
Ionicity (in Water)	Non-ionic.			
Dispersion Properties	May be partially dispersed in acetone, diethyl ethe Is not dispersed in cold water, hot water. See solubility in water, methanol, n-octanol, aceto		nol.	
Solubility	May be partially soluble in acetone, diethyl ether. May be slightly soluble in n-octanol. Is not dispersed in cold water, hot water.			
Physical Chemical Comments	No additional remark.			

Section 10. Stability and Reactivity Data

Chemical Stability	The product is stable.
Conditions of Instability	No additional remark.
Incompatibility with various substances	Reactive with acids. Slightly reactive to reactive with oxidizing agents. Very slightly to slightly reactive with alkalis. Non-reactive with reducing agents, combustible materials, organic materials, metals, moisture.
Hazardous Decomposition Products	Decomposition can result in release of carbon oxides(CO, CO ₂) and sulfur oxides(SO ₂ , SO ₃).
Hazardous Polymerization	Will not occur.

Section 11. Toxicological Information		
Toxicity to Animals	Acute oral toxicity (LD50): >= 5000 mg/kg (Rat). Acute Dermal Irritation/Corrosion (OECD 404): Not determined.	
Chronic Effects on Humans	No known chronic effects on humans.	
Other Toxic Effects on Humans	No additional remark.	
Og a times of a set News

Hangsterfer's Grease 2		Page Number: 4
Special Remarks on Toxicity to Animals	No additional remark.	
Special Remarks on Chronic Effects on Humans	No additional remark.	
Special Remarks on other Toxic Effects on Humans	No additional remark.	

Section 12. Ecological Information		
Ecotoxicity	Not determined to be an ecotoxin.	
BOD5 and COD	Contact the manufacturer for further information.	
Products of Biodegradation	Products of biodegradation can include carbon oxides(CO, CO ₂) and sulfur oxides(SO ₂ , SO ₃).	
Toxicity of the Products of Biodegradation	The products of degradation are non-toxic.	
Special Remarks on the Products of Biodegradation	No additional remark.	

Section 13.	Disposal	Considerations
-------------	----------	----------------

 Waste Disposal
 Recycle to process, if possible. Consult your local or regional authorities. Dispose of in accordance with local and federal regulations. Contact the manufacturer for further information.

Section 14. Transport Information			
DOT Classification	Not a DOT controlled material in the United States of America(U.S.A.). Product is considered safe for transport in the U.S.A. Product is not regulated by the United Nations(U.N.).		
Propper Shipping Name	NONE		
DOT Identification Number	Not applicable (PIN and PG).		
Packing Group	NONE		
Hazardous Substances Reportable Quantity	Not applicable.		
Special Provisions for Transport	No special provisions for transport.		
TDG Classification	Not controlled under TDG (Canada).		
IMDG Classification	Not controlled under IMDG.		
IATA Classification	Not controlled under IATA.		

Section 15. Regulatory Information

Federal and State Regulations	All ingredients that make up this product are listed on the TSCA inventory and are approved for industry use in the U.S.A.			
	All ingredients that make up this product are listed on the Canadian Domestic Substances List(DSL/LIS) and are approved for import and use in Canada.			
	None of the ingredients that make up this product are listed on or regulated by Proposition 65(CA).			
Other Classifications	WHMIS (Canada) Not controlled under WHMIS (Canada).			
	DSCL (EEC)			
Continued on Next Page				

Hangsterfer's	Grease 2		Page Number: 5		
	Japan: N Australia	Not controlled under DSCL (Europe). Japan: Not controlled under the Chemical Substance Control Law(MITI). Australia: Not controlled under the National Industrial Chemicals Notification and Assessment Act(NICNAS).
