

Reduce Your Coolant Usage By Up To 50%

Change to XTREME CUT and save on your yearly coolant purchases. XTREME CUT simply stays in the sump longer giving you greater productivity out of every drum.

- ▶ **Revolutionary surfactant technology ensures superior sheeting action off parts and chips so more coolant flows back into the sump, keeping your machine cleaner and requiring less additions of concentrate.**
- ▶ **Extraordinary foam control keeps coolant in the sump, reducing usage and removing safety concerns related to slips and falls.**
- ▶ **Outstanding resistance to biological fouling extends dump cycles and reduces need for recharging of sump.**
- ▶ **Less coolant residue on parts and chips reduces cleaning processes and saves on disposal costs.**

Call today for a free product trial. And ask about the many customer testimonials highlighting our proven consumption reduction results from manufacturers just like you.
